- c. Abteilung Instrukteure, headed by an Oberrat whose name source was unable to recollect.
6. The following sub-sections form part of the Abteilung Inspektion which is headed by Chefinspekteur Zorn (fmu), who is a graduate of an Antifa school in Russia:
- a. Chief Secretariat. This secretariat functions on behalf of the whole HVfA and handles all incoming and outgoing mail.
 - b. Motor pool.
 - c. Instrukteure (inspectors) for uniforms, equipment, motor transport, communications and weapons.
7. Within the Personnel Section, which is headed by Inspekteur Köhn, there is a sub-section which handles the political vetting of personnel, and which is headed by Polizeirat Marx (fmu), a former SED functionary. Another sub-section, which handles disciplinary matters, is headed by Polizeimeister Lüben (fmu), whose father is employed in the registry section of the Hauptverwaltung für Volkspolizei (formerly the GAI).
- 25X1A Comment: Rumors linking Mielke with the Hauptverwaltung zum Schutze des Volkseigentums, presumed to be the staff echelon of the Russian Zone political police, have never been confirmed. On the other hand, the fact that Mielke's office adjoins that of Zaisser in Kurze Strasse (the headquarters of the HVfA), and furthermore, the absence of all indications that he could be the head of an independent administration, such as staff personnel, special communication channels, etc., sustains the presumption that he is in fact a staff officer of the HVfA with functions as defined above. 25X1X
- 25X1X Comment: on HVfA matters stated that whereas the rank and file of the staff personnel appear to be rather puzzled by Mielke's presence, statements are often heard to the effect that he assists Zaisser in some unknown capacity.
